Clark's Rentals and Midwest Ready Mix & Equipment, Inc. have joined forces to offer our customers more equipment options, better service and availability.

Customers can pickup or drop off equipment in either Yankton or Vermillion. We will also be building a new facility in 2023 on a 10 acre parcel just North of the Menards in Yankton. This location will better serve our customers and have plenty of room for our larger equipment.

We are also leasing retail commercial space.

This location would be ideal for small business contractor park, mechanics shop, or home improvement type business such as landscapers, pool/spa sales, floor coverings, cabinets/counter tops, etc.
