Rent To Own

All of our equipment has the option to be purchased by the customer. On most rental agreements 75-100% of the rent could go toward the purchase price. This gives you the opportunity to try before you buy!

New Additions

We have just added a fleet of new Smithco side dumps. They all have an air ride suspension with 3rd spread lift axle, roll tarp, aluminum wheels and can be used with a one way hydraulic system. We also rent out lowboys so you can haul your own equipment.

Checkout ASV's new max series track loaders. They have excellent visibility, supreme traction and lead the industry in hydraulic performance. We also rent and sell their forestry models and mulchers. They are an excellent machine for cedar tree removal and brush management.

MONSTER BLOCK

RETAINING WALL SYSTEM®

2'x4' Standard Rock Face Block (2200#) \$119.00

Please call for contractor discounts!
